IT/e-Governance Initiatives in Uttar Pradesh

उत्तर प्रदेश ऑनलाइन सिंगल विंडो सिस्टम देने वाले शीर्ष 5 राज्यों में शामिल

[/cmofficeup](#) [/cmouttarpradesh](#) [upcmo.up.nic.in](#)

- Uttar Pradesh is the most populous state in the country accounting for about 17 percent of the country's population.
- It is the fourth largest state in terms of size covering nearly 9 percent of the country's geographical area.
- With 75 districts and nearly 1 lakh villages, the state is also larger than many countries of the world
- Government of Uttar Pradesh is using Information Technology to make the administration quick, responsive, transparent, hassle-free and accessible.
- *Automated 200+ G2C services notified under Janhit Guarantee Act, UP*
- *254 G2C services of 34 departments are available on e-District Portal*

ई-डिस्ट्रिक्ट : परिचय

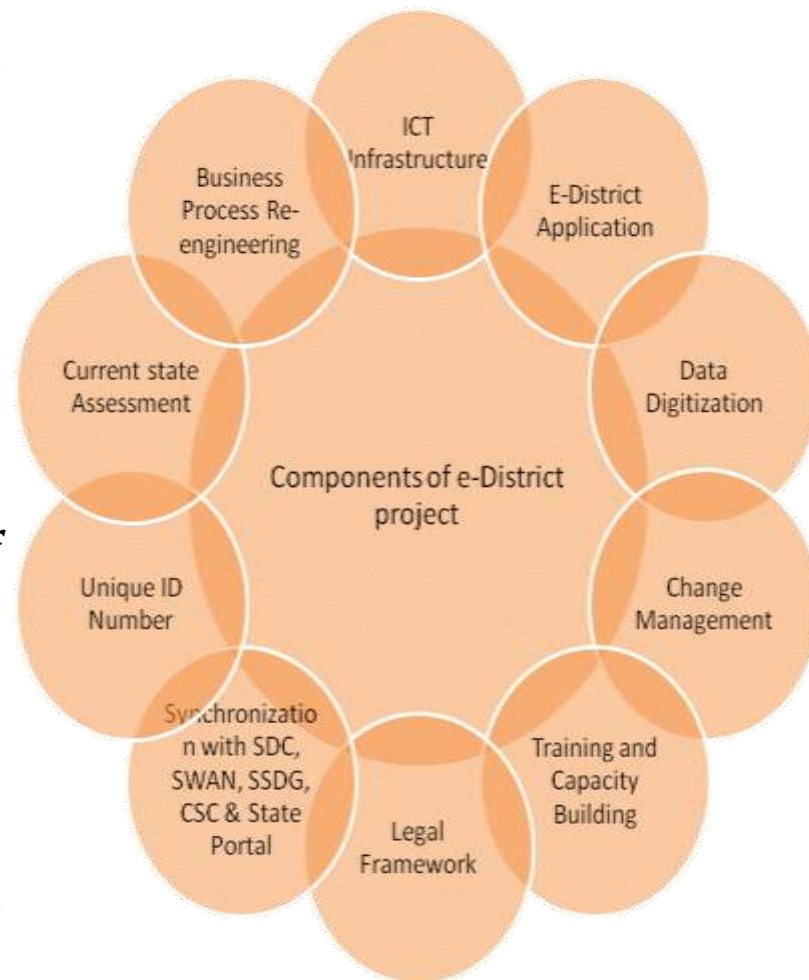

ई-डिस्ट्रिक्ट परियोजना ई-गवर्नेंस योजना के अर्न्तगत चलने वाली स्टेट मिशन मोड परियोजना है जिसका मुख्य उद्देश्य जन केन्द्रित सेवाओं को कम्प्यूटरीकरण करने का है। इस परियोजना में सम्पूर्ण व्यवस्था क्रम को कम्प्यूटराइज किया गया है। ई-डिस्ट्रिक्ट परियोजना में प्रमाण पत्र, शिकायत, जन वितरण प्रणाली, पेन्शन, विनमय, खलीनी, राजस्व वाद एवं रोजगार केन्द्रों में पंजीकरण संबंधी सेवाओं को सम्मिलित किया गया है। राज्य सरकार ने प्रदेश के सभी जिलों में परियोजना को लागू कर आम जनता को सुविधा प्रदान करने तथा सेवाओं के वितरण हेतु सेवाकेन्द्र स्थापित किये हैं। यह

Vision:-

- *e-District is a State Mission Mode Project*
- Make all government services accessible to the common man in his locality, through internet directly & common service delivery outlets
- Ensure efficiency, transparency and reliability of such services at affordable costs to realize the basic needs of common man

Aim & Objective:-

- *Undertake backend computerization of District, Tehsil and Block level*
- Efficient delivery of services with improved Service Levels
- Extensive Capacity Building and training of field level functionaries
- Delivery of services through Common Service Centres (CSCs)
- Providing easy, anywhere and anytime access to Government Services

Present Status:-

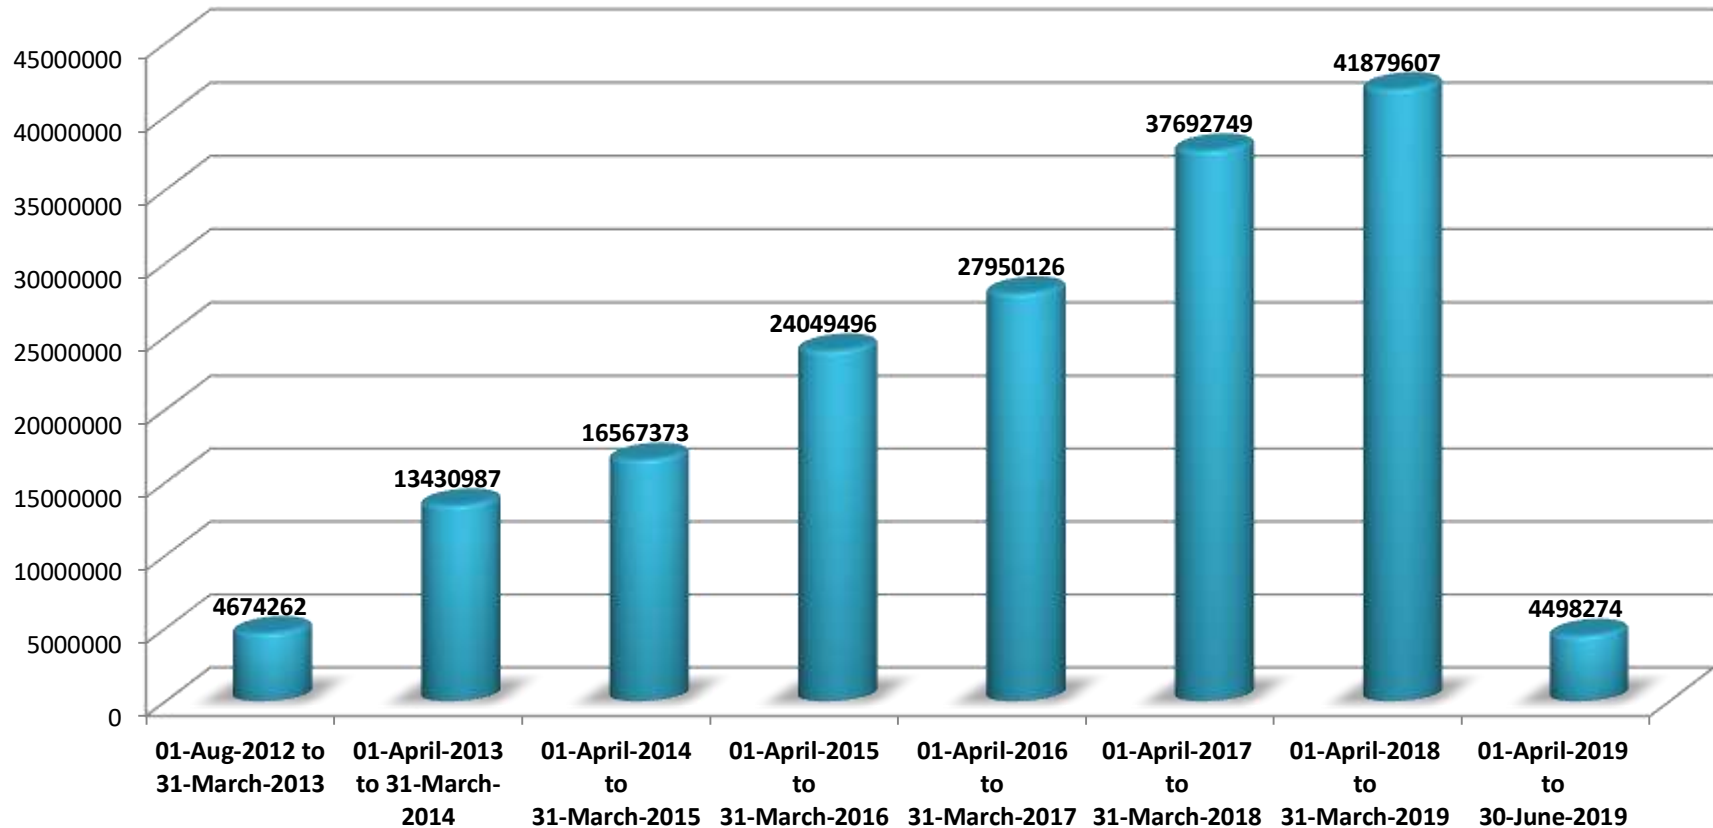

- e-District project has been implemented & rolled-out in all 75 districts across the state.
- *Automated 200+ G2C services notified under Janhit Guarantee Act, UP*
- **Presently, 254 G2C Services of 34 departments** are available on e-District Portal of Uttar Pradesh.
- *Out of 224 Services of 32 departments notified under Janhit Guarantee Act, Uttar Pradesh, 185 services were made online. Out of 185, 111 services have been integrated with e-District portal of Uttar Pradesh & 36 services have been integrated with Nivesh Mitra Portal.*
- High Volume Citizen Centric Services are *Caste, Income, Domicile, Khatauni, Solvency, Birth/Death, Ration Card, Driving License, Duplicate RC, Disability Certificate, Scholarship, Pension, Farmer Registration, Labour Registration, Mark sheets, Degree Certificates* etc.

e-District Portal of Uttar Pradesh

Present Status:-

- *Till date more than 19 Crores transactions have been made on e-District Portal.*
- *Average monthly transactions are 33 Lakhs & average yearly transactions are 4.00 Crores.*

UPSWAN 2.0

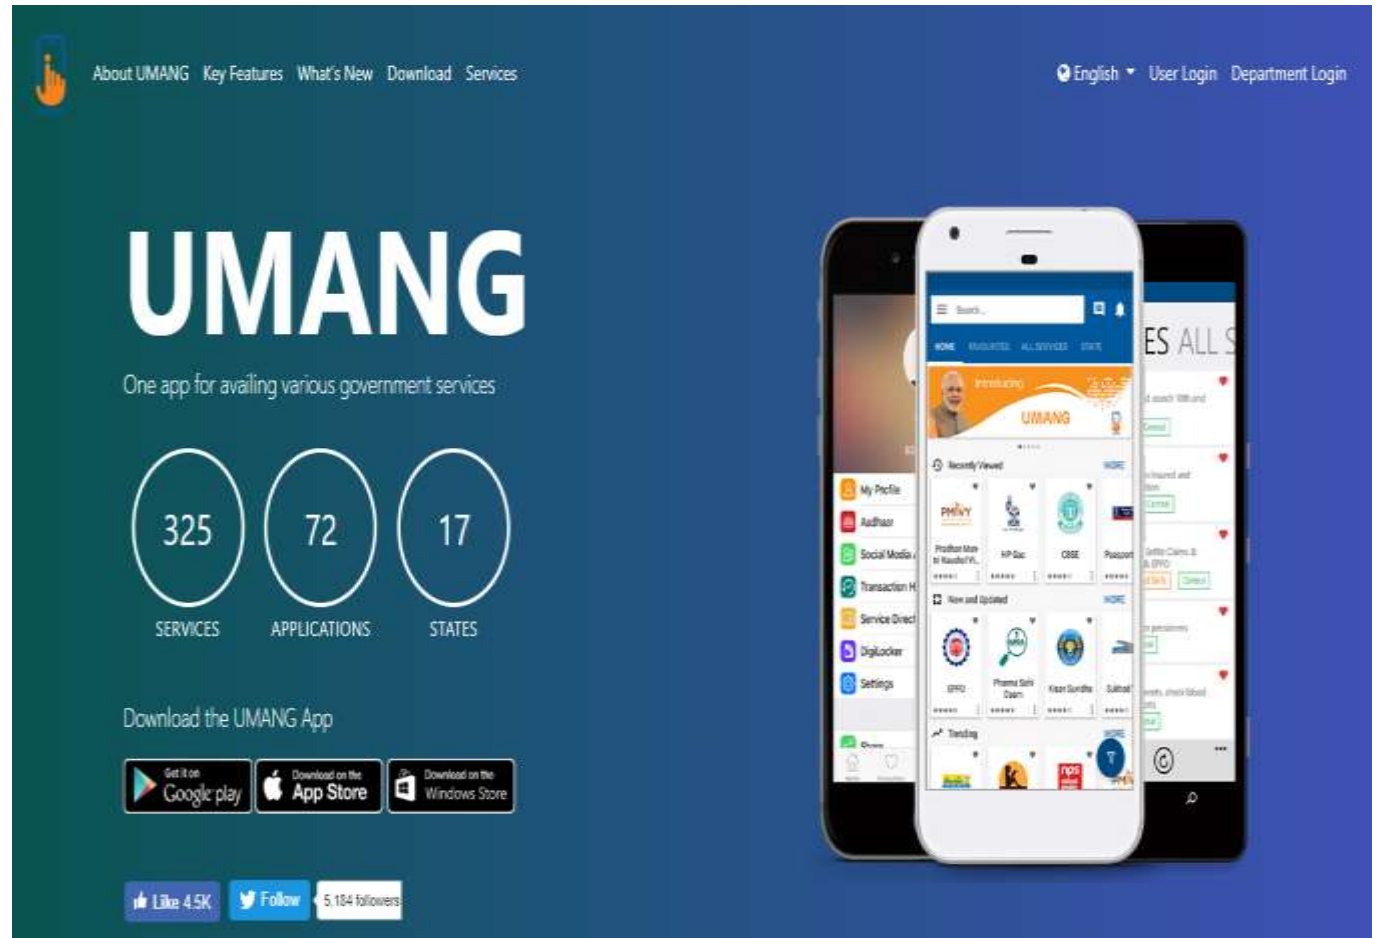

Bharti Airtel has been selected as System Integrator for O&M of UPSWAN 2.0

Key Features

- Managed MPLS model, low operational cost.
- All PoPs will be directly connected to MPLS cloud.
- 10 Mbps connectivity at 884 PoPs at DHQ/THQ/BHQ
- IT infra on rental model will minimize the upfront cost.
- Higher bandwidth, in redundancy with NKN up to DHQ.
- Single SI will be responsible for Bandwidth, FMS, AMC
- Cost effective solution with higher uptime

Introduction:-

- *UMANG (Unified Mobile Application for New-age Governance)* is envisaged to make e-governance.
- It is developed by Ministry of Electronics and Information Technology (MeitY), GoI and National e-Governance Division (NeGD), GoI to drive Mobile Governance in India.
- It enables users to access all government services through a single mobile interface.
- Users do not need to install different mobile apps to avail various government services.

Aim & Objective:-

- UMANG provides a single platform for all Indian Citizens to access pan India e-Governance services.
- It provides a unified approach where citizens can install one application to avail multiple government services.
- *UMANG service has been made available on multiple channels like mobile application, web, IVR and SMS which can be accessed through smartphones, feature phones, tablets and desktops.*

UMANG

- *A GO dated 19th April 2018 for on-boarding of departmental services on UMANG Mobile App has been issued by Chief Secretary, GoUP to all Additional Chief Secretaries/ Principal Secretaries/ Secretaries*
- e-District services have been Go-Live in UMANG Uttar Pradesh Mobile App.
- *The FRS for e-District Services has been prepared by UMANG, New Delhi team.*
- *API for “Application Status Tracking” has been given by NIC Lucknow Team.*
- *State Government has given approval to integrate PayGov payment gateway with UMANG instance for Uttar Pradesh.*
- *API for “View FIR” service has been given by Home department, GoUP.*
- *A State Level Workshop on UMANG was held on 29th December 2018 at Lucknow.*

Did you know?
DigiLocker is Government of India's cloud based platform for issuance and verification of documents & certificates digitally.

With DigiLocker, you can:

- Access your documents anytime, anywhere.
- Share documents digitally for verification.
- eSign documents (which is similar to self-attestation).

Already have a DigiLocker account ? [Sign In now](#)

Signup with your Mobile

(It takes just a minute)

Enter your mobile number

[Continue](#)

Introduction:-

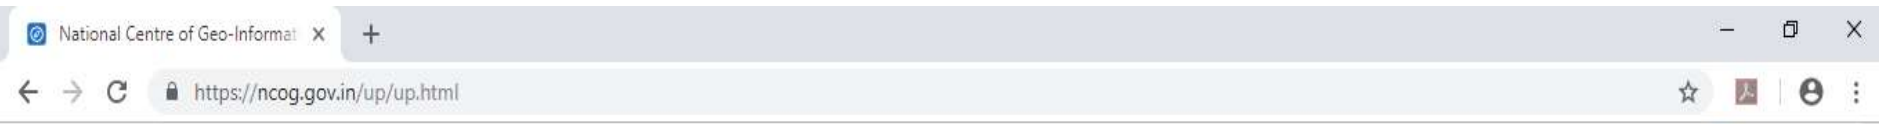

- An initiative launched under the Digital India Programme aiming to eliminate usage of physical documents and enable sharing of e-documents.
- DigiLocker was launched by the hon'ble Prime Minister on 1st July 2015.
- The technology used by DigiLocker is Cloud computing, where all citizens are given 1 GB (Giga Byte) of storage space on a secure and private cloud account.
- DigiLocker enables sharing of e-documents across government agencies via a mechanism to verify “authenticity” of the documents online.
- Residents can also upload their own electronic documents and digitally sign them using the e-sign facility.
- These digitally signed documents can be shared with Government organizations or other entities.
- These digital document are legally valid documents under the *Indian IT Act 2000*.

Digital Locker

Present Status:-

- Till Date, *11,60,411 DigiLockers* have been opened in Uttar Pradesh.
- *To promote DigiLockers in all districts, a GO has been issued by Additional Chief Secretary, IT & Electronics, GoUP on 3rd Oct 2018.*
- The e-District portal (Income, Caste, Domicile, Birth/Death Certificates) of Government of Uttar Pradesh has been integrated with Digital Locker System. A total of *6,64,77,511 documents* are made available on DigiLocker.
- The following departments have been on-boarded on DigiLocker platform as Issuer:-
 1. *e-District Services (Caste, Income, Domicile etc.)*
 2. *Secondary Education (10th & 12th Mark sheets issued by UP Board)*
 3. *Board of Technical Education (Diploma Certificate)*
 4. *State Council of Vocational Training (ITIs Certificates)*
 5. *Joint Entrance Examination Council*
- *We are preparing a comprehensive Government Order (GO) for all Additional Chief Secretaries/Principal Secretaries/Secretaries where integration guidelines are clearly defined for Issuer/Requestor/Verifier department.*
- A State Level Workshop on Digital Locker was held on 27th September 2019 at Lucknow.

Introduction:-

- The National Centre of Geo-informatics (NCoG) was constituted and launched by Ministry of Electronics & Information Technology (MeitY), GoI
- It provides a national platform for developing geo-informatics related resources and capabilities in the country for location based analytics and “*Decision Support System (DSS)*”
- NCoG is a fully dedicated resource centre in the country for sharing and collaboration GIS data
- The standard GIS platform (<https://ncog.gov.in>) is being developed using open-source technologies in coordination with *Bhaskaracharya Institute for Space Applications and Geo-informatics (BiSAG), Gandhi Nagar, Gujarat*

Aim & Objective:-

- Space technology & Geo-Informatics made simple
- Governance & development through Space technology & Geo-Informatics
- No need to procure additional software licenses & Hardware's
- Satellite Base Map is available on NCoG portal
- Maps are available on 1:5000 scale
- Easy to map government assets on NCoG portal using KML model, Uploading of Cadastral maps & Mobile applications (Latitude/Longitude & actual location of assets)

Present Status:-

- Planning Department, GoUP is the Nodal department for implementation of this project in Uttar Pradesh.
- *SeMT under Department of IT & Electronics, GoUP and Remote Sensing Application Centre (RSAC) under Department of Science & Technology, GoUP are the technical coordinator for this project.*
- Provided technical support to concerned department in onboarding of their GIS based data in NCoG portal.
- Provided technical support in development of Decision Support Systems (DSS) for various departments.
- Trained & Sensitized Government Officials at Yojana Bhavan, Lucknow & Remote Sensing office in Lucknow.
- *Presently, a total of 111 Geo-Portals have been developed on NCoG portal (<https://ncog.gov.in/up/up.html>) in consultation with NeGD, MeitY, GoI & BiSAG, Gandhi Nagar, Gujarat.*
- *A MoU dated 28th March 2019 has been signed between NeGD, MeitY, GoI & Planning department, GoUP*
- *Hon'ble Chief Minister will inaugurate UPCoG portal on 1st Jan 2020*

Direct Benefit Transfer (DBT)

Introduction:-

- Direct Benefit Transfer or DBT is an attempt to change the mechanism of transferring subsidies launched by Government of India on 1 January 2013.
- This program aims to transfer subsidies directly to the people through their bank accounts.
- The primary aim of this Direct Benefit Transfer program is to bring transparency and terminate pilferage from distribution of funds through various Centrally Sponsored Schemes (CSS) & State Sponsored Schemes (SSS).
- *DBT not only encompasses direct transfer of cash benefits, but also In-kind benefit transfers and transfers to the service providers/enablers within the Scheme design.*

Aim & Objective:-

- Create **transparency** in benefit transfers to beneficiaries
- Curbing **leakages** in the benefit delivery processes
- Create greater **accountability** on behalf of the Government
- Increase **efficiency** of scheme delivery processes
- Ensure **effectiveness** of schemes through timely implementation
- Ensure greater **inclusion**, particularly in financial inclusion
- Accurate **identification & targeting** of beneficiaries
- Facilitating **reforms** in Government processes through re-engineering
- **Real Time Governance** through connected systems

Direct Benefit Transfer (DBT)

Present Status:-

- *A dedicated Uttar Pradesh DBT & AADHAAR cell is constituted vide Chief Secretary GO No: 29/2017/1112/35-1-2017-7-270/J.S.P./2016 dated 03rd Nov 2017. It includes the following departments:-*
 1. *Planning Department*
 2. *Finance Department*
 3. *Department of IT & Electronics*
- A State level DBT & AADHAAR Advisory Committee is also set-up in the State.
- The Uttar Pradesh AADHAAR Act, 2017 is constituted in the State.
- A State DBT Portal (*Dashboard for monitoring the DBT Progress - <http://dbtup.upsdc.gov.in/>*) have been developed & hosted at Uttar Pradesh State Data Centre (UPSDC)
- Presently, *128 Schemes (Centrally Sponsored & State Sponsored Schemes) of 26 departments* have been on-boarded on State DBT Portal.
- *The State DBT Portal of Uttar Pradesh has been integrated with DBT Bharat Portal.*
- Published DBT related data on hon'ble *CM dashboard (DARPAN)* through Web Services on weekly basis.

Common Service Centre (CSC)

Present Status:-

- The vision of GoUP to ensure delivery of G2C services near the doorstep of citizen in cost effective way
- Under CSC 2.0 scheme, GoUP has a mandate to establish minimum 1 CSC in each Gram Panchayat of the State by 31st December 2019
- In CSC 2.0 scheme, administrative control has been transferred to District Administration
- District Service Providers (DSPs) have been selected to open & monitor CSCs at both rural & urban area of the State
- Presently, more than **75,000 Common Service Centres have been established in the State**
- These CSC centres provide **rural employment to more than 75,00 peoples**. These CSC operators are also called as Village Level Entrepreneur (VLE)

AADHAAR Authentication Platform

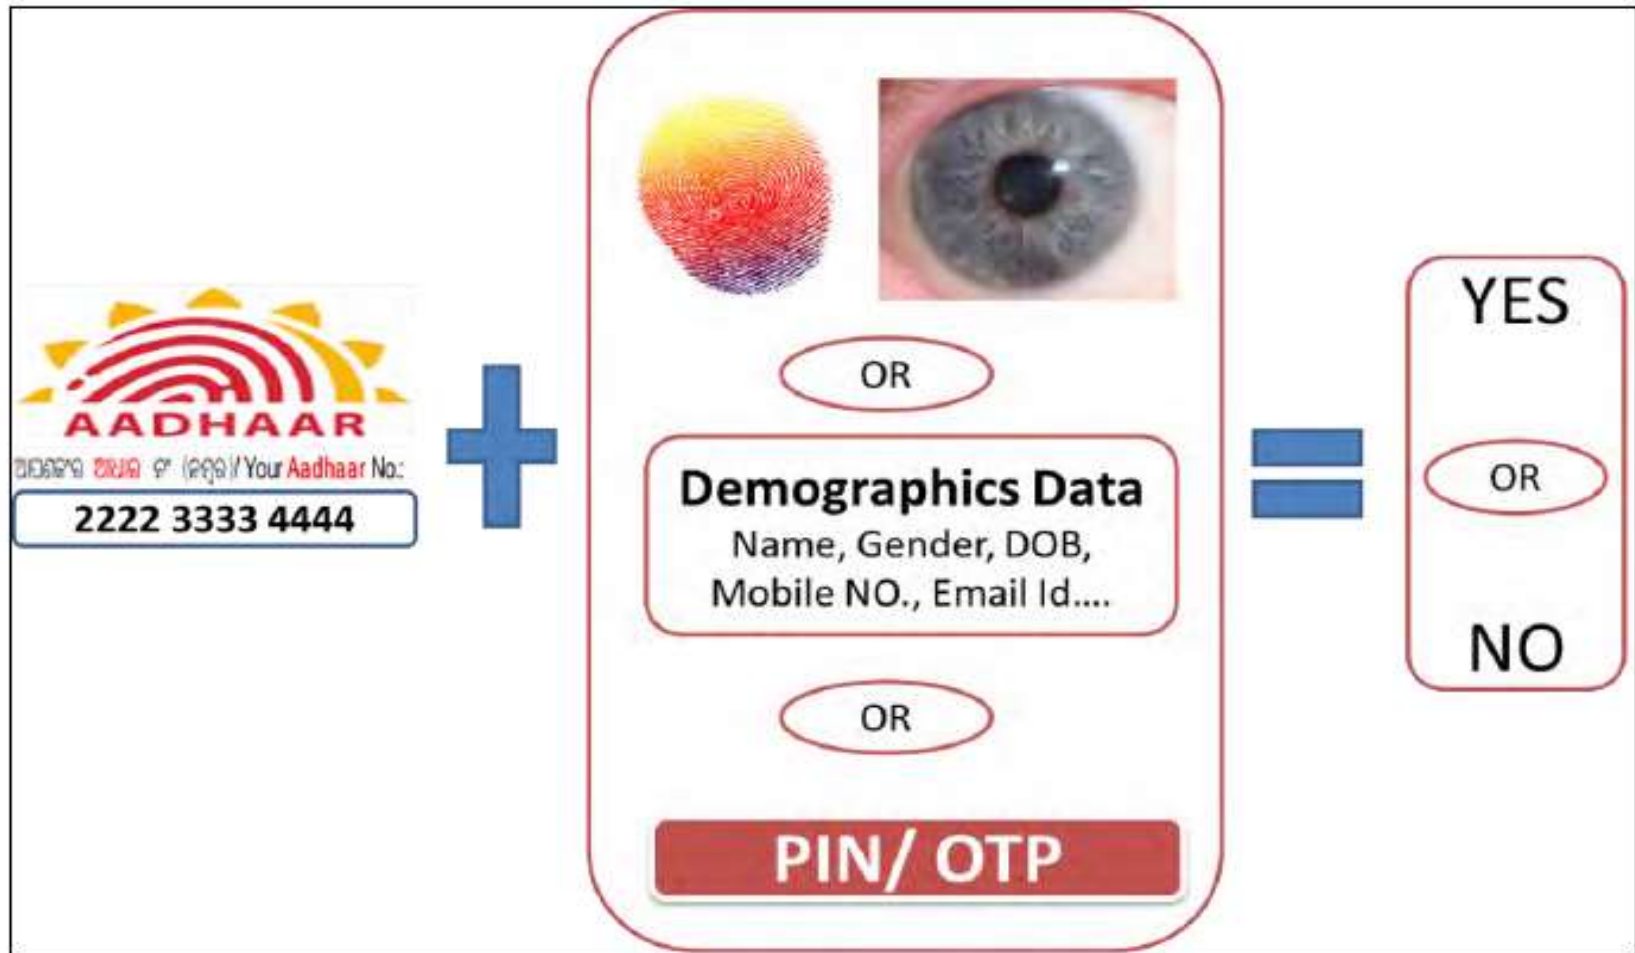

AIM & OBJECTIVE

1. The purpose of Authentication is to enable Aadhaar-holders to prove their identity without having to provide identity proof documents in order to access to government benefits.
2. Aadhaar number along with the Aadhaar holder's digital identity through biometric information is submitted to UIDAI (Central Identities Data Repository-CIDR) for matching the identity information available with it.
3. Ensuring that all fake, duplicate and ghost records are weeded out from databases so that leakages resulting from such records are plugged.
4. No repeated KYC checks for residents

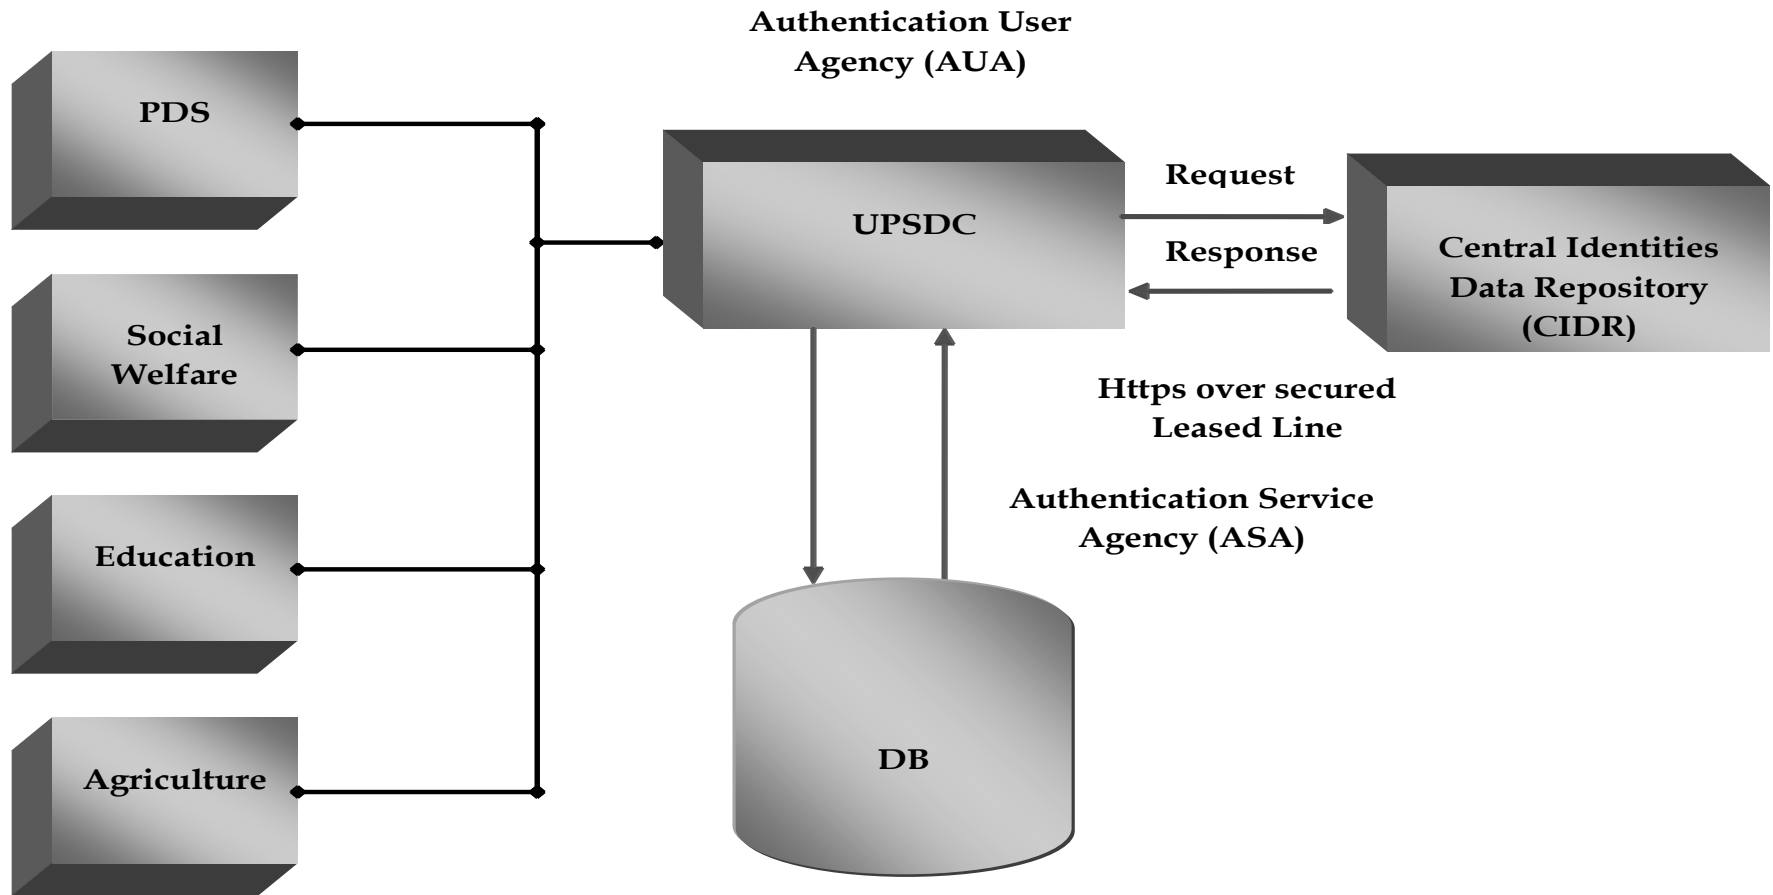

Present Status

1. The Uttar Pradesh Electronics Corporation Limited (UPLC) has been nominated as *Authentication Service Agency (ASA) of UIDAI, GoI.*
2. The Shretron India Limited has been nominated as *Authentication User Agency (AUA) of UIDAI, GoI.*
3. An open e-tender has been published to establish Authentication Service Agency (ASA) platform of UIDAI in the state of Uttar Pradesh.
4. The selected agency will design, develop, install, configure & customize centralized portal for Authentication Service Agency (ASA) platform of UIDAI for carrying out the work of AADHAAR seeding for various departments providing AADHAAR based service delivery to citizens.

AADHAAR Authentication Process

Proposed Technical Architecture at UPSDC

(Sub AUA/Sub
KUA)

- 1- e-Authentication application need to be developed & hosted at UPSDC
- 2- Nomination of IT & Electronics, GoUP to act as AUA/KUA & ASA
- 3- Infrastructure (Software and Server) at UPSDC
- 4- Dedicated Manpower
